

# First Aid

## Awareness Workshop

### Training Workshop Series

#### COURSE OVERVIEW

Our First Aid Awareness course is designed to refresh and reinforce essential first aid skills for workers in the workplace and individuals at home. Although it is not a nationally accredited course, it provides invaluable knowledge that can help you respond effectively to emergencies and create a safer environment for everyone. Whether you're an employer looking to enhance workplace safety or a family member wanting to ensure the well-being of loved ones, this course is an ideal solution.

#### Key Benefits

- *Skill Refreshment:* Keep your first aid skills up-to-date and ensure you're prepared to handle common workplace and home emergencies.
- *Practical Knowledge:* Gain practical insights and techniques that can be applied immediately to manage injuries, illnesses, and emergency situations effectively.
- *Safety Culture:* Develop a culture of safety and preparedness in your workplace or home, reducing the risk of accidents and improving overall well-being.

Take the proactive step towards enhancing safety and peace of mind. Enrol in our First Aid Awareness course today and equip yourself with the knowledge to make a difference when it matters most.
